Friendly Note

We're sure that (a bit like us) you may enjoy a morning cuppa! With that in mind, we find it a handy hint to recommend you keep a box separate with your coffee, kettle, sugar etc. inside. I'm sure you'd love to take a break for a coffee at some point, & speaking for most of us at Dusty's, we'd be ecstatic if you offered us one too!

If you need Storage Facilities

For both temporary and long term storage we've got what you need! Just give us a yell and we can arrange storage for your extra items. Our facilities are safe, secure and located away from Bundaberg's flood zones. Remember that we can offer you the complete service, Removals to storage, new homes, etc. We're your guy!

Losing Things?

We recommend separating a small shoe box or likewise for small, finicky items like remotes, keys to cabinets, bed legs, cabinet screws and everything similar that is likely to be *really* annoying to lose. Keep it close and when you get to your new home the likelihood of losing those little annoyances are all but gone!
